Technical Data

Technical Information

Size	5 Litre
Colour	Clear
Specific Gravity	1.2kg/lt
VOC Directive	Not applicable
VOC Content	Not applicable
Storage	Store in a cool dry place in original container between +10°C & +30°C
Shelf Life	5 years when stored in the above conditions

Application Guide

	Remove large bits of rust or broken paint with a stiff wire brush, remove any oil or grime and give it a rinse with water.
	If possible, submerge in the rust remover and leave for between 1 hour and 24 hours dependent on metal type and severity of rust. You can also fill rusty containers or fuel tanks and remove corrosion from inside.
	Shake occasionally to speed the process up. Increasing the heat up to 40°C also helps to speed the reaction up.
	For large parts, lay paper towels or rags soaked in rust remover over the rusty parts. Keep the soaked rags in direct contact with the rust for as long as possible. Repeat where necessary.

Caution

This product does not present any particular risk, provided it is handled in accordance with current occupational hygiene and safety practice. First-aid measures after inhalation: Remove person to fresh air and keep comfortable for breathing. First aid measures after skin contact: Wash skin with plenty of water. First aid measures after eye contact: Rinse eyes with water as a precaution. First-aid measures after ingestion: Call a doctor if you feel unwell, Keep out of the reach of children.

Disposal

Completely emptied cans should be put in recycling skips or appropriate container. Cans which are not empty should be disposed off as special refuse.
